Summary

I've always had a passion for technology and creating things. Front end design, backend development- I create clean, powerful functions with simple designs. I am passionate about user experience and proficient at UI. My core competency is utilizing technology for problem solving.

Skills

- Javascript, ReactJS, Angular, AngularJS, Python 3, C#, C++, HTML5, CSS, Swift, Flask, JSON, Git, MongoDB, SQL Databases, SCSS/SASS, Flexbox, CSS Grid, AdobeXD, Photoshop, After Effects. Design Tools: Visual Studio Code, Postman, Heroku, GitHub, Xcode, Jira.
- Certificate in Technical Support Fundamentals (IT)
 - License: AF2RGVC9T3D2

Projects

Portfolio Project: A portfolio application integrating and using API's, built with React JS, JSX, CSS, SCSS, and Node.js. Site layout with CSS Grid and Flexbox. Includes user authentication and CRUD functionality via API's and AXIOS.
